Important/ Personal attention

Ref. No. 5/4-2017 (NSQF)

Dated: -14.12.2018

To

The 1051 Govt. Sr. Sec. Schools Covered under CSS-VSHSE.

Subject: Regarding creating and uploading the Videos on Classroom Teaching/Training Practices, Field Visits, and On-the-Job Training by the Vocational Teachers/Trainers on PSSCIVE website.

Please refer to the subject cited above.

As per the letter received from PSS Central Institute of Vocational Education, Bhopal (copy enclosed), recently Hon. Sec. (SE&L), MHRD held a review meeting at New Delhi on implementation of centrally Sponsored scheme of Vocationalization of Secondary and higher Secondary education in the state. In this regard PSSCIVE was suggested to create an online platform to recognize the good work of vocational teachers who are playing the vital role in implementing the NSQF scheme in the state.

PSS Central institute of Vocational Education (PSSCIVE) is an apex research and development organization in the field of vocational education. It is constituent unit of NCERT, established by MHRD, GOI in 1993 at Bhopal. It is a UNEVOC Network Centre (International Project on Technical and Vocational Education) in India. The work related to the development of curricula and courseware was assigned to PSSCIVE, Bhopal. The institute has developed the students's textbooks, teacher handbook, including interactive video-based e-learning materials, which are introduced in the states. The institute through its website is creating a platform for sharing of videos of the good teaching practices adopted by the Vocational Teachers/Trainers in schools under NSQF.

The communication further provides for the issuance of instructions and guidelines to the schools/institutions and vocational teachers to contribute to this endeavor by preparing a short video recording of the teaching methods and practices that teachers adopted in school and out of school (field visit, On-the-Job training etc.) for teaching of students of class 9th to 12th. Modern smartphone and tablets allow Vocational Teacher to prepare the videos using the software, such as Viva Video, installed can be used for this Purpose. The video created by vocational teacher should be uploaded on PSSCIVE website. They are to be instructed to go through the Guidelines shared by PSSCIVE and follow the necessary steps mentioned in the guidelines while uploading the video. A copy of guidelines is enclosed at (Annexure-1).

As the short listed videos will be uploaded on the institute website for circulation among other vocational teachers and with the concerned authorities who are the part of introduction of these vocational courses. It is hoped that it will facilitate exchange of good ideas and experience with relevant stake holders for better implementation of the scheme. This will be useful to overcome the difficulty or hurdles if any arises during implementation of this scheme.

You are therefore requested to take necessary action and issue necessary instructions to the Vocational Teachers in your school so as to ensure whole hearted endeavor/participation to **create and upload a short video** as per guidelines enclosed as Annexure-I on PSSCIVE website within 5 days positively.

Kindly ensure compliance accordingly.
