Ref. No. 17/2-2014(NSQF)

Dated 20.6.14

IMPORTANT

To

The Principals of 240 schools
where applied skills under NSQF
have been introduced.

Sub: Skilling students in application oriented subjects.

As you are aware that 2 of the applied skills out of the 7 skills namely Retail, Security, Automobile, IT/ITes, Beauty & Wellness, Physical Education & Sport and Patient Care Assistant stands introduced in your schools.

Subject Teachers for each of the skills have been provided in the schools where the applied skills were introduced in 2012-2013 & 2013-2014. Positions in the schools where these subjects have been introduced from the academic session 2014-15 including the vacant positions in the schools earlier covered are also being filled up shortly.

It needs mention that this is a programme of National Importance with the objective of skilling the nation and the students in particular to equip them for facing challenges in the World of work. With this end in view the services of vocational teachers, positioned in your school are to be fully and fruitfully utilized for skilling the students other than the students who have not taken up the applied skills as a subject. For instance a Vocational Teacher in Physical Education & Sports should also train other students in Physical Education and sports activities. A teacher in Beauty & Wellness should also train other students in the relevant subject as a part of work education or hobby. So should be in the case of other applied skills.

You are requested to implement this decision from the day one on reopening of schools and send report as to how you are planning it and started in implementing in your school. The decision is required to be implemented strictly in letter and spirit.
